Orchid Coarse

HOW TO USE

Osmocote® Orchid Coarse Premium Potting Mix is ready to use straight from the bag with no further additives required.

- 1 Select a pot that will comfortably accommodate the plant for the next 2 years.
- 2 Place the plant into the pot ensuring the bulb is level with the top of the pot.
- 3 Fill new mixture around the root system while holding the plant, gently tap the top to work the mix around the root system.
- 4 Lightly water and place in a warm, sunny location.

ONGOING PLANT CARE

- Osmocote® Orchid Coarse Premium Potting Mix contains a balanced fertiliser but additional fertiliser may be required in time, depending on plant needs.
- Plants should be watered immediately after potting and frequently enough to ensure the mix remains moist but not wet. Avoid allowing plants to dry out.
- Plants should be divided and repotted with new potting mix when they outgrow the pot or after 2 years.

SAFETY TIPS

Always wear gloves when gardening.

If dusty, wear a particulate mask.

HAZARDOUS

This mix complies with the requirements of AS3743 for a regular grade potting mix.

COMPOSTS, POTTING MIXES AND OTHER ORGANIC GARDENING MATERIALS

This product is made from organic materials, including composted pinebark, and contains living micro-organisms, including bacteria, fungi and protozoa. Also contains mineral and fertiliser additives.

RISK

Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (e.g. Legionnaire's disease) or pneumonia-like illnesses. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are those suffering from asthma or allergies, and those whose immune defence systems are compromised.

SAFETY

Avoid contact with eyes and skin. Avoid breathing dust and/or liquid mists (bioaerosols). Wear suitable protective clothing and standard duty gloves (AS/NZS 2161.2). If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS 1715 and AS/NZS 1716). Wash thoroughly immediately after handling. Wash work clothes regularly. Clean up by wet sweeping or vacuuming. Store this product in a cool location.

FIRST AID

Irrigate eyes with plenty of water for 10 minutes. Wash skin with soap and water. Seek medical attention for any persistent skin, eye or respiratory symptoms.

DISPOSAL

Follow above safety precautions and collect in containers for disposal as trade waste in accordance with local authority guidelines.

For further information, refer to the SAFETY DATA SHEET.
