

## Organic\* Potting Mix For All Plants

Scotts® Organic\* Potting Mix For All Plants is a certified input for organic\* gardens. The quality ingredients added provide essential nutrients, trace elements and minerals in a safe and readily available form to encourage beneficial micro-organisms and build stronger, healthier plants.

It is ideal for a wide range of organic\* vegetables, fruit, herbs and salad greens.

 Grow

Stronger, Healthier, Happier Plants

### UNIQUE LOW-ODOUR FORMULA

#### Slow Release Feeding

Organic fertiliser with bloodmeal, feathermeal and poultry manure. High in organic nitrogen for healthy leaf growth. Feeds for up to 3 months.

#### Enriched with Seaweed

Improves plant health and increases resilience to disease and pest attack.

#### Natural Biostimulants

Act as soil and plant conditioners, and maximise nutrient availability and uptake.

This product contains animal by-products (feathermeal, bloodmeal and manure) and care must be taken when using it on areas where ruminant animals graze. At all times it must be properly incorporated into the soil before allowing ruminants to graze on treated areas.

### HOW TO USE

Scotts® Organic\* Potting Mix For All Plants is ready to use straight from the bag with no further additives required.

- 1 Select a clean pot at least 5cm wider than the current pot and partly fill with potting mix.
- 2 Turn the plant out of its container. Loosen root ball gently and remove any rotten or entirely dried out roots.
- 3 Position the plant in the pot and fill with potting mix. Do not pack down.
- 4 Water thoroughly and protect plant from wind, heat and strong sunlight for around 5 days.

### ONGOING PLANT CARE

- Scotts® Organic\* Potting Mix contains a balanced fertiliser but additional fertiliser may be required in time, depending on plant needs.
- Plants should be watered immediately after potting and frequently enough to ensure the mix remains moist but not wet. Avoid allowing plants to dry out.
- Plants should be re-potted with new potting mix when they outgrow the pot.

### SAFETY TIPS

We recommend you always wear gloves when gardening. Wear a particulate mask if dusty.

### HAZARDOUS

#### COMPOSTS, POTTING MIXES AND OTHER ORGANIC GARDENING MATERIALS

This product is made from organic materials, including composted pinebark, and contains living micro-organisms, including bacteria, fungi and protozoa. Also contains mineral and fertiliser additives.

#### RISK

Inhalation of dust and/or liquid mists may irritate, inflame or sensitise the nose, throat and lungs resulting in illnesses ranging from hayfever or asthma, to pneumonia (e.g. Legionnaire's disease) or pneumonia-like illnesses. Direct contact with this material or its dust and/or liquid mists (bioaerosols) may cause skin irritation (dermatitis), and skin or eye infection or irritation. People particularly at risk are those suffering from asthma or allergies, and those whose immune defence systems are compromised.

#### SAFETY

Avoid contact with eyes and skin. Avoid breathing dust and/or liquid mists (bioaerosols). Wear suitable protective clothing and standard duty gloves (AS/NZS 2161.2). If exposed to dust and/or liquid mists, also wear dust resistant eye protection (AS/NZS 1336) and particulate respirator (AS/NZS 1715 and AS/NZS 1716). Wash thoroughly immediately after handling. Wash work clothes regularly.

Clean up by wet sweeping or vacuuming. Store this product in a cool location.

#### FIRST AID

Irrigate eyes with plenty of water for 10 minutes. Wash skin with soap and water. Seek medical attention for any persistent skin, eye or respiratory symptoms.

#### DISPOSAL

Follow above safety precautions and collect in containers for disposal as trade waste in accordance with local authority guidelines.

For further information, refer to the SAFETY DATA SHEET.
